Sonoma County

The names and companies provided do not constitute an endorsement or recommendation by University of California Cooperative Extension. This list is not complete. There are other suppliers of yellow sticky traps. We have tried to be as accurate as possible but prices may vary from those cited.

\* Traps need to be held open with wire holders or twist ties then attached to trellis wires or stakes to expose the sticky surfaces.

Company	Address	Phone Number	Open Trap Size (inches)	# of Traps Per Package or Case	Price Per Package of Traps
